Detailed description of project						Type of services provided		
<p>The project supports and assists the Albanian Government, through Ministry of Agriculture Food and Consumer Protection, to design and implement an adaptation process similar to the one followed by other new Member States prior to their accession into EU with the main tactical goals to (i) establish a National Food Authority, (ii) adopt the EU acquis and practices, and (iii) implement a food safety policy. Improvement of consumer protection in Albania sustained by a restructured, consolidated and efficient food safety and control system is the major strategic objective and expected composite out-put of the project.</p>						<ul style="list-style-type: none"> • Preparation of the Food safety action plan • Training on official control activities • Risk classification of food establishments
